

# FILING COUNTER NEWS

**Effective July 2**, all filing counters will continue to be open until 5 p.m.; however, at 5:30 p.m., we will begin directing customers to the night depository boxes to complete their remaining transactions.

This change is being made as a result of security concerns and the business needs of our Office.

The night depository boxes are available 24 hours a day, 7 days a week.

Thank you for your continuing support of our Office's ongoing initiatives.
